Established in 1978,

NYC Parks GreenThumb is proud to be the nation's largest urban gardening program, supporting over 550 gardens and over 20,000 volunteer gardeners throughout New York City. GreenThumb gardens create hubs of neighborhood pride and provide a myriad of environmental, economic and social benefits to the neighborhoods in which they thrive. GreenThumb's mission is to educate and support community gardens across the five boroughs, while preserving open space. By providing free garden materials, technical assistance, educational workshops, and seasonal programs, GreenThumb supports neighborhood volunteers who steward community gardens as active resources that strengthen communities.

GreenThumb's Outreach Coordinators can help your garden grow by providing support such as technical assistance, community organizing, helping garden groups to form coalitions, and connecting gardeners with a variety of available resources. Contact your local Outreach Coordinator with any questions or to get involved in your nearest garden.
